**Janine Kühn Receives
DMI Graduate Student Paper Presentation Contest
in Dairy Foods Research Award**

Savoy, IL — The American Dairy Science Association is proud to announce Janine Kühn as the 2006 recipient of the DMI Graduate Student Paper Presentation Contest in Dairy Foods Research Award. The award was presented on Tuesday, July 11, 2006 during the awards ceremony at the ADSA Annual Meeting in Minneapolis, Minnesota.

The DMI Graduate Student Paper Presentation Contest in Dairy Foods Research Award winner is selected from graduate student members of ADSA, based on degrees and date received, professional work experience, areas of research, scholarships and fellowships received, professional activities and memberships, and other special interests. Nominees must be members in good standing in their respective national organizations and the sponsoring section/branch.

Kühn won the graduate student competition with a paper entitled "Binding of flavor compounds to native and denatured whey protein using lead space solid-phase micro-extraction." The contest was very robust this year, with nine very good papers submitted. Kühn has the equivalent of a Master's degree from the University of Technology, Dresden, Germany. She is completing her Ph.D. with Dr. Harjinder Singh at Massey University, New Zealand. She has also worked at the Fonterra Research Center. Besides being a Food Chemist, Kühn is a world class athlete in the duathlon and triathlon.

It is with great pleasure that ADSA and Dairy Management, Inc. present Janine Kühn with the 2006 DMI Graduate Student Paper Presentation Contest in Dairy Foods Research Award.
