## **J. Lee Majeskie Receives ADSA Award of Honor**

**Savoy, IL** – The American Dairy Science Association is proud to announce J. Lee Majeskie as the 2008 recipient of the ADSA Award of Honor. The award was presented on Wednesday, July 11, 2008, during the awards ceremony at the ADSA Annual Meeting in Indianapolis, Indiana.

The ADSA Award of Honor was created to recognize unusually outstanding and consistent contributions to the welfare of the Association or distinguished service to the Association. The award is primarily for services to the American Dairy Science Association, with career achievements or contributions to other segments of the dairy industry receiving secondary consideration. The winner must have been a member of ADSA for twenty-five or more years, and have served the American Dairy Science Association with unusual distinction.

Majeskie was one of the auctioneering partners for the ADSA Foundation Auction since the first auction in 1993. Majeskie personally secured donations of items for the auction from members and nonmembers of ADSA. Over its 15 years, the auction has raised more than \$100,000 for the ADSA Foundation. It was both a fundraising event and, at the same time, a signature "lots of fun" activity at the ADSA annual meetings.

It is with great pleasure that ADSA presents J. Lee Majeskie with the 2008 ADSA Award of Honor.
