## **Jessica Tekippe Receives Genevieve Christen Distinguished Undergraduate Student Award**

**Savoy, IL** – The American Dairy Science Association is proud to announce Jessica Tekippe as the 2008 recipient of the Genevieve Christen Distinguished Undergraduate Student Award. The award was presented on Wednesday, July 11, 2008, during the awards ceremony at the ADSA Annual Meeting in Indianapolis, Indiana.

The Genevieve Christen Distinguished Undergraduate Student Award was created to recognize distinguished undergraduates who have demonstrated leadership ability, academic achievement, involvement in the industry, and participation in SAD and local club activities.

The 2008 Genevieve Christen Undergraduate Student Award is presented to Jessica Tekippe of Iowa State University. Jessica truly exemplifies the award criteria and is being recognized this evening for her distinguished undergraduate career. At the national level, she served as 2007–2008 President of the ADSA Student Affiliate Division. She has also provided leadership to SAD at the regional and state levels through her involvement with the Iowa State University Dairy Science Club. Jessica completed her BS degree with a dairy science major from Iowa State University and will be attending Pennsylvania State University this fall with a major emphasis on ruminant nutrition. Following her MS degree, Jessica plans to pursue a career in dairy cattle nutrition or university extension service.

It is with great pleasure that ADSA and the ADSA Foundation present Jessica Tekippe with the 2008 Genevieve Christen Distinguished Undergraduate Student Award.
