Michel Wattiaux Receives Land O'Lakes, Purina Feed LLC Teaching Award in Dairy Production

Savoy, IL – The American Dairy Science Association is proud to announce Michel Wattiaux as the 2008 recipient of the Land O'Lakes, Purina Feed LLC Teaching Award in Dairy Production. The award was presented on Wednesday, July 11, 2008, during the awards ceremony at the ADSA Annual Meeting in Indianapolis, Indiana.

The Land O'Lakes, Purina Feed LLC Teaching Award in Dairy Production, Inc. was created to recognize outstanding teaching of undergraduate students in dairy science. The winner must have demonstrated outstanding ability as a teacher of undergraduate students of dairy science in an accredited college or university, been an active teacher when nominated with not less than a total of ten years of active teaching preceding, and been a member of the American Dairy Science Association for at least five successive years.

Michel A. Wattiaux, associate professor at the University of Wisconsin–Madison, is consistently rated as an excellent teacher by students and peers, and is described as an innovator and scholar of teaching. He requires students to become self-motivated learners intimately involved in their own educational journeys. Wattiaux is the recipient of numerous grants, invitations to speak, and awards for his leadership and scholarship in the improvement of instruction. It is for these accomplishments that Michel A. Wattiaux is awarded the 2008 Land O'Lakes, Purina Feed LLC Teaching Award in Dairy Production.

It is with great pleasure that ADSA and Land O'Lakes Purina Feed, LLC present Michel Wattiaux with the 2008 Land O'Lakes, Purina Feed LLC Teaching Award in Dairy Production.
