32nd ADSA Discover Conference on Food Animal Agriculture:

Dairy Replacement Heifers: Transitioning from Weaning through First Lactation
May 30-Jun 1, 2017
Eaglewood Resort & Spa
Hosted by the American Dairy Science Association®

Conference Objective
This conference will serve as a follow-up to the very successful 2008 and 2013 Calf conferences to examine new information available on issues pertaining to development and management of the dairy heifer. It will comprise focused discussions in the major stages of the heifer as she enters the milking herd.

Conference Topics Under Consideration
- Growth: Biology, Production Potential, Nutrition
- Health Impact of Disease on Future Production
- Management Tools and Strategies: Genomics, Welfare, Custom Heifer Rearing
- Profitability and Herd Level Dynamics

Who Should Attend?
Members of the research and academic community, leading consultants, extension educators, industry leaders related to services and products for growing calves, producers, and members of governmental and regulatory agencies are encouraged to participate in this interactive program. Graduate students and early career professionals are especially encouraged to attend.

Registration
Registration postmarked by May 1, 2017 is $325 for ADSA-ARPAS members and $370 for non-members, which includes sessions and most meals for two days. After May 1, the registration fee will be $415 member/$460 non-member. Registration will be accepted on an availability basis.
