Important Dates and Deadlines Checklist

🌟🌟🌟🌟🌟🌟🌟

**February 1-3, 2013**
Midwest Regional ADSA-SAD hosted by Iowa State University in Ames, Iowa

**February 13, 2013**
Abstracts deadline for the undergraduate paper and new poster presentation contest. Submit electronically at http://jtmtg.org/2013/

**February 21-23, 2013**
Southern ADSA-SAD hosted by Mississippi State University

**February 22-23, 2013**
Northeast Student Affiliate (NESA) Meetings hosted by Rutgers University

**March 2-3, 2013**
Western Regional ADSA-SAD hosted by Washington State University in Everett, WA (immediately following Western Dairy Challenge)

**May 15, 2013**
The following must be postmarked and mailed to ADSA-SAD:

1. Membership Application, Roster of Dairy Club members, and dues ($5.00 each) for individuals wishing to be ADSA members. (students must be ADSA members to attend regional meetings, participate in competitions or run for office)
2. Outstanding Student and Advisor nomination forms.
4. Activities symposium entry form.
5. Chapter Web Site Competition entry form deadline.
6. Annual Report Title Page must be postmarked and mailed to ADSA-SAD.
7. Dairy Quiz Bowl Entry forms

**June 1-30, 2013**
SAD Chapter Web Site Contest Judging

**Four weeks prior to the meeting:**
Clubs not attending the meeting but wishing to compete in the Annual Report, Yearbook and Scrapbook judging competitions should mail their materials to ADSA-SAD.

**July 7-10, 2013 - NOTE Meeting starts one day later!**
ADSA – ASAS Joint Annual Meeting in Indianapolis, Indiana. Note the meeting schedule is one day later than typical: SAD activities begin on Sunday, July 7 and wrap up on Wednesday, July 10 after the banquet.

**Tuesday during the SAD Meeting**
Complete Annual Report with attached Title Page, Yearbooks and Scrapbooks should be submitted at the meeting for the judging competition.

---

**A Note from the SAD President...**

Hi everyone! That time of the year is upon us—the leaves are changing, the temperatures are cooling down, and in Northern Minnesota we’ve already had the first snowfall! This also means the Fall Semester is well underway and I hope everyone is enjoying their classes and staying busy!

Summer is well behind us, but I would like to thank everyone who took some time off in July to spend a few days with us at the Joint Annual Meeting in Phoenix, AZ. An especially huge “thank you” goes out to the 2011-2012 Officer Team for the amazing job they did putting on the National Meeting for SAD. This year’s officer team is well underway in the planning for next year, and we are looking at making some exciting changes to make our meeting even better! Next year’s meeting will be held in Indianapolis, Indiana, July 7-10.

I’m really excited to be working with this year’s officer team; we span the nation from coast to coast! We hope to see everyone at their regional meetings and at the national meeting as well!

I wish the best of luck to everyone this school year, both in classes and with all your activities! I look forward to see you all in Indy this July!

Emily Krekelberg
President ADSA-SAD

**Looking for a job?**

Upload your resume and more to [myDairy Career](#), an online year-round dairy science career center! ADSA is excited to offer this member benefit for undergraduate and graduate students.

**How do you use it?**
- Enter your ADSA universal login to search positions
- Bookmark the site and go back often!
Have You Renewed Your Membership?

Annual ADSA® Membership Dues must be paid for the current year before individuals or clubs can attend a regional ADSA meeting, enter any form of competition at the annual ADSA meetings or be represented by voting delegates. Individual Undergraduate Student membership is $5.00 per person. Dues for Graduate Students are $10.00 (for more information on Graduate Student Division of ADSA, go to http://www.adsa.org/gradstudent/)

By renewing in the fall semester, undergraduates can take full advantage of their membership benefits (access to the online Journal of Dairy Science®, the member directory, receipt of all membership mailings, job postings, etc.) throughout the entire year. All clubs will automatically receive a membership renewal notice in the mail.

In addition to the renewal notice, clubs should continue to submit the accompanying application and roster of club members, and include payment for each new student who wishes to be listed as a member of ADSA. Membership in ADSA is not necessary for club members not participating in ADSA activities. All students attending an ADSA meeting must sign a Code of Conduct form.

Membership should be paid prior to December 31 to enjoy the full year of ADSA membership benefits. Clubs who have paid their memberships by May 15th will receive maximum points on the Outstanding Chapter Award Entry as stated on the Outstanding Chapter Award Scorecard.

The benefits of Student Affiliate membership include the opportunity

- to meet graduate program advisors.
- to develop a network of professional contacts in the dairy industry.
- to meet other dairy science students from across the nation.

Just Graduated? Take a look at ADSA's "Transitional Membership"

To help student members transition to professional status, ADSA offers a 50% discount from full professional member dues in the first year following graduation (undergraduate, graduate, and post docs). In addition, S-PAC is offered at the applicable student rate for the transition year.

Go to http://www.adsa.org/join.asp for more information.

S-PAC: Your One-Stop Source

Student members can subscribe to S-PAC™, an invaluable addition to their tool box, for only $5 ($10 for grads) for one year. This unique pdf-searchable database currently contains 420 sets of proceedings from 45 different conferences. S-PAC is accessible from the ADSA home page, or go to http://spac.adsa.org/index.asp

Electronic Yearbook Contest Comes to an End

Following discussion at this summer's SAD Business Meeting in Phoenix, the SAD approved a motion to eliminate the Electronic Yearbook competition. The contest has experienced low participation since it was started in 2006.
SAD at the National 4-H Dairy Conference

On October 2nd, I had the privilege to speak at the 2012 National 4-H Dairy Conference on behalf of American Dairy Science Association-Student Affiliate Division. It was such a great time! I spoke to youth delegates from across the United States about the opportunities in the dairy industry provided by ADSA, especially the Student Affiliate Division. The youth seemed very receptive of my message and were very excited about the thought of continuing their network beyond youth dairy activities. It was an awesome experience as both an ADSA-SAD national officer and a past participant of National 4-H Dairy Conference. After speaking, I had the opportunity to talk with both the youth and many adult chaperones about ADSA-it was a great way to recruit! I was also able to meet with the delegation from Minnesota-which I had been a delegate for 5 years prior-be sure to check out the picture! All in all, my time at National 4-H Dairy Conference this year was fulfilling, fun, and (hopefully) impactful-I hope to see a lot of those faces at ADSA-SAD events in the future!

Emily Krekelberg
President ADSA-SAD

2013 ADSA SAD Call for Abstracts -- Save these dates!!

Start planning now for 2013 in Indianapolis! The 2013 Call for Abstracts Mailing was sent to all members recently. All the information you need to submit an abstract is posted at http://jtmtg.org/2013/ Save this URL--bookmark the page today to access at a later date. And, don't forget to highlight February 13, 2013 on your calendars--the deadline for submitting abstracts.

If you prefer to have the call for abstracts information mailed to you, please send a request via email to abstract@assochq.org or call 217-356-3182. The submission of abstracts by our student members is the starting point for the success of their futures and of our meeting!

New for 2013! Poster Competition being added to SAD Annual Meeting

The purpose of the new Undergraduate Poster Presentation Contest is to encourage undergraduates to gain experience in the presentation of posters and to give more students the opportunity to participate more fully in the meetings of the Student Affiliate Division of ADSA. Interest in establishing this contest has been brewing for several years. The SAD Board put forth the proposal this summer based on the continuing rise in SAD participation in the SAD Paper Presentation Contest and the Annual Meeting in general. To submit a poster abstract, go to Joint Annual Meeting (JAM) web site at http://jtmtg.org/2013/ The contest will follow the same deadlines as the paper presentations, meaning submissions are due February 13, 2013.

JAM Housing

The 2013 Joint Annual Meeting (JAM) Housing Form will be available soon! Check the meeting website at http://www.jtmtg.org/2013/Housing.asp for all the details on making your reservations online. In order for all the students to be at the same hotel, clubs need to make their reservations early! Be watching for more information about student housing at JAM.
A Look Back at this Year’s Meeting....

Dairy science students from universities across the country attended the 2012 Annual Meetings of the American Dairy Science Association (ADSA) and the American Society of Animal Science (ASAS), held July 14-17, 2012 in Phoenix, Arizona. The meetings attracted 117 students, up from 108 registered last year. Students participating in the 2012 national meetings represented the following clubs: Cal Poly State University, Clemson University, Cornell University, Delaware Valley College (new this year!), Iowa State University, Louisiana State University, Michigan State University, North Carolina State University, The Ohio State University, Penn State University, Purdue University, University of Florida, University of Kentucky, University of Minnesota, University of Tennessee, Utah State University, Virginia Tech, Washington State University, and West Virginia University.

On Saturday July 14, undergrads, grad students, and advisors boarded buses and headed to Shamrock Farms, a 10,000 cow dairy and one of the largest family-owned and -operated dairies in the U.S. Later that evening, students met at Majerles’ Sports Grill to catch up with old friends and make new acquaintances.

Sunday started with introductions of the 2012-2013 national officer candidates during a midday mixer, followed by the much-anticpate quiz bowl competition in the afternoon. Competition was tough, but in the end, Penn State reigned as Quiz Bowl winner for another year.

Monday, July 16 Students held their first of two business meetings. Judging of yearbooks, scrapbooks and annual reports, as well as competition for outstanding student and advisor, were held. In addition, the activities symposium gave clubs an opportunity to showcase their events and learn what other clubs are doing. SAD members presented paper presentations in the dairy foods, dairy production and original research fields in the afternoon. Monday night, everyone had fun just hanging out at the hotel pool.
Officer elections were held on Tuesday during the second business meeting. Later that morning, students met with industry professionals in a roundtable format during the SAD Career Symposium to learn more about careers and internships in the dairy industry. The panel included professionals in graduate studies, reproduction, nutrition, media, marketing, dairy foods and others.

The highlight of the week was our SAD Awards Luncheon on Tuesday afternoon which included the always-hilarious Udderly Ultimate Quiz Bowl competition featuring the 2011-2012 national officers and members of the ADSA Board of Directors. This year, the ADSA Board of Directors was victorious!

The 2012–2013 ADSA-SAD officers and advisors are Emily Krekelberg, University of Minnesota, president; Cory Robbins, North Carolina State University, 1st vice president; Mandy Brazil, Cal Poly, 2nd vice president; Tyler Boyd, Virginia Tech, 3rd vice president; Anna Gibson, Washington State University, secretary-treasurer; Pamela Mayo, University of Florida, officer-at-large; Dale Olver, Penn State University, 1st year advisor; Kas Ingawa, North Carolina State University, 2nd year advisor; Mary Sowerby, University of Florida, 3rd year advisor.

Award winners included Leah A. Henkes, Iowa State University, Genevieve Christen Award; Lauren Mayo, University of Florida, Outstanding Student; Dr. Larry Fox, Washington State University, Outstanding Advisor; Virginia Tech, Outstanding Chapter; Nathan L. Leckie, Clemson University, 1st Place Dairy Foods Paper Presentation; Emily L. Stayduhar, The Ohio State University, 1st Place Dairy Production Paper Presentation; and Sarah Schmidt, Michigan State University, 1st Place Original Research Paper Presentation.

2012 AWARD RECIPIENTS & NEW OFFICERS

Genevieve Christen Award  
Leah A. Henkes  
Iowa State University

Outstanding Student Award  
Lauren Mayo  
University of Florida

Outstanding Advisor Award  
Dr. Larry Fox  
Washington State University
Outstanding Chapter Award
Virginia Tech University

Retiring 2011-2012 SAD Officer & Advisor Team (L-R)
Kas Ingawa, North Carolina State University, 1st Year Advisor; Mary Sowerby, University of Florida, 2nd Year Advisor; Elizabeth Karcher, Michigan State University, 3rd Year Advisor; Nathan Leckie, Clemson University, 1st Vice President; Amy Yeiser, Penn State University, President; Nathan Carroll, Iowa State University, 2nd Vice President; Tyler Kamper, Cal Poly, 3rd Vice President; Emily Krekelberg, University of Minnesota, Secretary-Treasurer; and Lauren Mayo, University of Florida, Officer at Large.

Thank you to our 2011 - 2012 National ADSA-SAD Officer Team!!
**Wanna see more??**
For more meeting pictures, check us out on Facebook under ADSA-SAD and on the web at:

**Meet Your 2012-2013 Officer Team**

![Officer Team Image]

Dr. Mary Sowerby, Pamela Mayo, Dr. Kas Ingawa, Anna Gibson, Emily Krekelberg, Tyler Boyd, Cory Robbins.
Missing: Mandy Brazil, and Dr. Dale Olver

**President - Emily Krekelberg, University of Minnesota**

Greetings! My name is Emily Krekelberg, and I am THRILLED to be serving you this year as SAD President! I am looking forward to working with my fellow officers to make this the best year yet for ADSA-SAD! I am currently in my senior at the University of Minnesota-Twin Cities where I’m majoring in Animal Science with an emphasis in Dairy Production. Upon graduation, I hope to work as a herd manager or with Extension. At the U of MN, I am involved with Gopher Dairy Club, Dairy Challenge, Regional ADSA, Beta of Clovia Sorority, Agricultural Education Club, and Collegiate Agri Women. My past involvement in dairy includes showing and quiz bowl in 4-H and serving as a Dairy Princess. My interests include: reading, writing, going to dairy shows, cooking, crafting, and spending time with my friends and family. I grew up on my family’s dairy farm near Le Sueur, MN. Today, my dad still milks 18 Holsteins and Jerseys on the home farm and my brother co-owns a 320-head dairy near Kenyon, MN. My other brother is a Cheese Production Supervisor at Le Sueur Cheese Company, so you could say we are a “dairy” involved family! I also have two sisters, a niece, and a nephew that love spending time on the farm! Dairy is something I am truly passionate about—it is a part of my past, present and future. I am enthusiastic about the coming
year for ADSA-SAD and the opportunities it holds for me, the officer team, and all members! Raise a glass of milk to a fantastic year with ADSA-SAD!

First Vice President - Cory Robbins, North Carolina State University

Hey! My name is Cory Robbins and I have the honor of serving as First Vice President for the 2012-2013 year. I am a senior at North Carolina State University majoring in Animal Science. Raleigh, N.C. is about 90 minutes from Seagrove, where I call home. I grew up on my parent’s poultry farm but soon took an interest in my aunt and uncle’s dairy, where I have spent many summers gaining knowledge and experience in the everyday life of the industry I love, as well as showing their Brown Swiss at the NC State Fair. College certainly opened my eyes to the size of the dairy industry not only within North Carolina, but throughout the United States and the world. I credit this to my involvement with the NC State Dairy Science Club, where I now serve as President, and the wide variety of activities that soon followed. I am a huge fan of both Dairy Challenge and the American Dairy Science Association on both the regional and national levels and the memories and experiences from those events are what help shape a career in the field. With so much changing every day within the dairy industry I can’t wait to see what it has in store for me and (hopefully) my future farm. What has me excited now is INDY! I hope to see as many people in Indiana for the national meeting as possible because as always we’ll have a good time!

Second Vice President - Mandy Brazil, Cal Poly

Greetings, everyone! After a fun and successful national meeting in Arizona this summer, I cannot wait to start planning next year’s meeting! We have a great team made up of enthusiastic leaders to plan and implement activities. I am excited to utilize my experiences in ADSA-SAD and background in the dairy industry as your Second Vice President. I am a senior at California Polytechnic State University (Cal Poly), San Luis Obispo. I am majoring in Agriculture Communications and have minors in Dairy Science and Agribusiness. On campus, I am an officer for the Cal Poly “Los Lecheros” Dairy Club and a past member of the dairy judging team. I have been a parlor manager for the 100% student operated Cal Poly dairy and am currently employed as an associate editor for the College of Agriculture, Food and Life Sciences magazine, Ag Circle.

Although I grew up on a cow/calf beef cattle ranch in Northern California, I developed an interest in dairy cattle at a young age through involvement with my grandparent’s commercial Holstein dairy. I own a small herd of registered Holsteins and Milking Shorthorns that I enjoy working with and showing. I have also had involvement with the Junior Holstein Association through quiz bowl, dairy jeopardy and as a National Distinguished Junior Member Semi-Finalist. I have been fortunate to travel with collegiate exchanges and international programs. Combined with an interest in dairy cattle genetics, my experiences have led me to want to pursue a career in international dairy genetics marketing. The dairy industry is filled with opportunities and I am excited to see where this amazing industry will take me after graduation in June!

Involvement with ADSA-SAD is one of the greatest opportunities available to college students. The chance to meet industry professionals and mingle with students from other schools is invaluable. The knowledge and experiences that are gained from ADSA-SAD activities will serve you well in any aspect of the industry. For those in the Western Region, I encourage you to attend our meeting in Washington. For everyone else, I look forward to seeing you in Indiana this summer!
Third Vice President - Tyler Boyd, Virginia Tech

My name is Tyler Boyd, and I’m excited to be serving as the 2012-2013 ADSA-SAD 3rd Vice President. I look forward to working with a great officer team this year to plan the next year’s events. I am a sixth-generation dairy farmer from Parrottsville, Tennessee, and I am a senior majoring in Dairy Science at Virginia Tech. While at Virginia Tech, I’ve been an active member of the dairy club, serving as 2012 Showcase Sale catalog chair, competing on national ADSA-SAD dairy bowl, and working with milkshake sales. I was also a member of the 2012 dairy judging team. I am also a member of Alpha Zeta Fraternity, Delta Sigma Gamma Honor Society, and currently serve on the Young Cooperator Leadership Council for Southeast DFA.

After graduation in the spring, I plan on continuing my involvement in the dairy industry by working for an AI company or breed organization, while remaining active in managing my family’s herd of Registered Jerseys. I’m honored to serve as 3rd Vice President, and I highly encourage you to attend both regional and national ADSA-SAD meetings. Hope to see you in Indianapolis!

Secretary-Treasurer, Anna Gibson, Washington State University

G’day! My name is Anna Gibson and currently a senior studying Agriculture Education with a minor in Animal Science at Washington State University. I became involved in the dairy industry through the beginning dairy science class she took her freshman year. Due to my extreme enjoyment in that class Dr. Larry Fox convinced me to join the WSU dairy club, became involved in the American Dairy Science Association, and took an internship abroad in Tasmania. This year I am working on securing a place on the National Dairy Challenge team and always continuing my knowledge of the dairy industry.

During my third year at WSU I participated in an internship in Tasmania Australia. The farm was a 900 grass feed operation and during her stay she learned not only the day to day activity of working on a farm but also more about the Australia Dairy Industry. This was an amazing opportunity to find my true passion for the dairy industry.

The future holds many opportunities for a young woman keen to work and to promoting all the great accomplishments and opportunities the dairy industry has to offer. I am confident that my future holds involvement within the dairy industry, even when the exact occupation is still unclear. I would be just as happy working with Fonterra, teaching, or working at a dairy farm.

Officer at Large, Pamela Mayo, University of Florida

Hey everyone! My name is Pamela Mayo and I am your 2012-2013 ADSA-SAD Officer at Large. It is a great honor to have been chosen to be an officer for the ADSA-SAD this year and be a part of such an amazing and well-experienced officer team. Currently I am a second year at the University of Florida, majoring in Animal Science while on the pre-vet track. Hailing from the state with plenty of sunshine, a glass of ice-cold milk or cone filled with delicious ice cream can be refreshing on a warm Florida day! Growing up in an agricultural community, my passion for agriculture and all it contains grew stronger throughout the years. Not raised on a dairy, my passion and admiration for the dairy industry grew exponentially when I began showing dairy cattle throughout Florida and competed in judging and quiz bowl competitions via my 4-H state team, FFA, and now on the collegiate level. Being greatly involved in Florida’s Dairy Industry I was a youth dairy ambassador for Florida in which I proudly represented Florida’s Dairy Farmers. As an ambassador I loved the one on one interaction with the public and average consumer, in which I educated or answered common questions pertaining to the dairy industry. This is something I continue to do today through the various animal science organizations that I am a part of at the University of Florida. Some of the organizations and clubs that I am engaged in include: University of Florida Dairy Science Club (secretary), Collegiate Farm Bureau, Block and Bridle, BSU, and UF AgFacts Day (co-chair). Now as an officer on the ADSA-SAD team this year I hope to spread some Florida sunshine,
bringing new ideas and thoughts to the table, and shedding light on several aspects of the organization in order to continually make the ADSA-SAD the great organization it is today!

I look forward to continue networking and working with students and faculty from various universities and institutions across the United States to share my passion for the industry and learn more about other’s experiences and aspirations for the dairy industry as well. The National ADSA-SAD is an organization that I am proud to be a part of and I can’t wait to meet and interact with members at the next region meeting, and National ADSA-SAD meeting in Indianapolis, Indiana in July 2013!

SAD National Advisors

Reminder: Effective July 2007, students who attend ADSA sponsored meetings must be current members of ADSA and must sign the Code of Conduct.

If you have information you’d like to post to the Pipeline, contact Molly Kelley at kelleymt@aol.com. The Pipeline is posted twice each year, once in the fall and once in the spring. Deadline for submissions are October 15 and March 15.
